

Free Rice Bonus Activity

All English students will have the opportunity to earn bonus points by practicing educational facts as well as do a good deed for humanity.

For a bonus option each month, students earning 5,000 grains of rice or more will receive bonus points. These grains may be earned practicing whatever subject they choose. On the due date set at the end of each month, students may submit a printed (see below for directions) copy of their Profile tab. On this page it will show students how much rice they have donated throughout the school year as well as during the month.

This will be a monthly bonus assignment. This assignment must be printed the day before and ready to submit when entering the class on the day it is due. Students will not be allowed to go to the computer lab to print this paper the day it is due. Due dates are on the classroom calendar, posted in the classroom, and should be located in the student's binder.

Requirement to meet the bonus points:

1. Students must earn the required grains or more in the allotted month.
2. Students must be enrolled and earn the grains through the DeMaskey group for their hour.
3. Printed sheet must be turned in on the appropriate date – no late papers will be accepted.

To print using Google Chrome (recommended):

1. After logging into the website, click on the My Account tab at the top.
2. Choose View Profile.
3. Print this page to submit.

*** Not having internet access at home is not an excuse for not taking advantage of this bonus activity. There are numerous opportunities at school to be able to complete this activity each month.
